

## Talking Monterey-Lankaran Partnership

Great meeting with our good friends from Monterey, CA- Mayor Chuck Della Salla and City Manager Fred Muerer at the Embassy. The sister city relationship between Monterey, CA and Lankaran, Azerbaijan, brings our people and the two nations together. We had a very useful discussion on issues of environment, education, culture and urban administration. Thank you to all in Monterey, especially Nancy Selfridge, who work hard to promote international understanding!
